The BSCE Degree Program Flow Chart
(for students admitted to UH BSCE major from Fall 2015 on)

- This flowchart is only an aid for degree planning. Consult Undergraduate Catalog for official requirements & requisites.
- Requisites can be updated annually and new requisites apply to all students.

Footnotes:
(1) Check pre- and co-requisites in Undergraduate Catalog. Refer to Undergraduate Catalog “Policies” for information on equivalents and substitutions, opportunities for credit through examination, and other detailed requirements.
(2) COSC 1304 is listed as prereq in Undergraduate Catalog but ENGI 1331 Computing for Engrs is allowed as substitute prereq for engr majors.
(3) Prerequisites for CIVE 4311 Prof Practice in Civil Engr are ENGI 2304 Tech Comm and any two CIVE 3000-level courses.
(4) Students must complete four electives chosen with advisor approval from CIVE 4000 and 5000-level courses. Upper-level students with overall and major GPAs > 3.0 may consider CIVE 6000 level and CIVE 7397 courses with permission of the Undergraduate Director, Graduate Director and course instructor. One related, approved 3000 or higher level course outside CIVE may be substituted with permission of the Undergraduate Director, CIVE Elective Committee, and course instructor. Check prerequisite requirements for CIVE electives in Undergraduate Catalog.
(5) Taught spring semesters only.
(6) Taught fall semesters only.
(7) INDE 3333 is prerequisite for CIVE 4312 until Summer 2017.
